CLEAN-UP™

Heavy-Duty Cleaner

Quickly Removes greasy deposits even when combined with dust and dirt as well as biological debris

Tough Foaming Action helps remove dirt heat-set due to exposure to high temperatures

Cleans Pet & Poultry Housing, Livestock Equipment & Housing and Indoor Gardening Structures

KEEP OUT OF REACH OF CHILDREN • DANGER

(See Hanger Tag for Additional Precautionary Statements and First Aid)

1 quart (0.946 liter)

CLEAN-UP™'s foaming action helps dislodge and breaks up hard-to-remove heat-set grease, compacted soils and biological debris as well as attacks organic build up for easy removal with a pressure rinse.

CLEAN-UP™ cleans trucks, heavy equipment, shops, warehouses, in barns, poultry houses, animal stalls, kennels, veterinary facilities, indoor gardening structures, warehouses, fruit and vegetable packing areas and poultry dripper lines.

CLEAN-UP™ is safe to use on structural surfaces such as wood, concrete, plastic, corrugated plastic, glass, stainless steel and aluminum when used at labeled rates.

DIRECTIONS FOR USE:

This product is a concentrate and must be diluted before using. See table below. Detailed cleaning procedures can be found at www.pace49.com.

APPLICATION FL.OZ. CLEAN-UP™ / 1 (one) gallon of water

Structural Cleaning5 fl. oz. per 1 (one) gallon of water
Dripper Line Cleaning3 fl. oz. per 1 (one) gallon of water

CONVERSION / 1 (ONE) GALLON OF WATER

| | | | |
|---------------|--------|--------|-------|
| | 5T | 10 T | |
| | 15 tsp | 30 tsp | 1 cup |
| US oz/gal | 2.5 oz | 5 oz | 8 oz |
| METRIC ml/gal | 74 ml | 148 ml | |

APPLICATION:

1. Not safe to use on animals, plants or turf so remove from area to be cleaned or avoid contact with cleaner. Rinse immediately if contacted.
2. PREWET area to be cleaned, then thoroughly SOAK the wet area with the **CLEAN-UP™** solution for 10-30 minutes. Use a pump-up or hose-end sprayer to apply solution. Do not allow cleaner to dry.
3. Thoroughly rinse area using a pressure spray until all soap is removed.
4. Spray **KleenGrow™** disinfectant onto cleaned area for residual control of algae, mildew and microbials.

AREAS OF USE:

CLEAN-UP™ is safe to use on structural surfaces such as wood, concrete, plastic, corrugated plastic, glass, stainless steel and aluminum when used at labeled rates.

NO HARMFUL FUMES and BIODEGRADES QUICKLY
