

KleenGrow

Disinfectant & Cleaner Virucide/Bactericide/Fungicide

Description

KleenGrow* is an EPA registered, unique, biodegradable, 4th generation DDAC quaternary ammonium, designed to create broad spectrum control of algae, bacteria, and viruses on hard surfaces. **KleenGrow** is non-corrosive and has up to 30 days of residual control. For best results when following Pace ACBD Sanitation Program--"Always Clean Before Disinfecting" use a detergent such as Horti-Klor to thoroughly pre-clean the surface, rinse, then follow with **KleenGrow** for complete disinfecting.

Application

KleenGrow is recommended for use in hospitals, medical and dental offices, nursing homes, public rest rooms, institutions, schools, colleges, food processing plants, food storage areas, kitchens, restaurants and bars, airports, transportation terminals, hotels and motels.

Use **KleenGrow** on finished floors, high speed burnished floors, conductive flooring, washable walls, tables, chairs, bathroom bowls, sinks, basins, shower stalls, tubs, glazed tiles, toilet, counter tops, stove tops, exteriors surfaces of appliances and refrigerators, cabinets, garbage cans, tables, outdoor furniture, chairs, desks, telephones, door knobs and handles, and glass surfaces including windows and mirrors.

Product can safely be used to disinfect greenhouse structures, floors, benches, cool pads, irrigation lines, plastic pots/trays, tools, coolers, and in shoe baths to reduce the spread of algae and diseases including viruses.

Mix a solution of 2oz **KleenGrow** per gallon of water for viral and bacterial control on hard surfaces.

Directions

Perform this procedure once daily.

Step 1 Clean

If the surfaces are heavily soiled, a pre-cleaning should be completed with a strong detergent soap.

KleenGrow may also be used for cleaning at rate of 0.5-2oz per gallon of water depending on how heavily soiled the surface is.

Step 2 Rinse

Rinse the area with clean water to remove soap and debris.

Step 3 Disinfect

RATE: 2oz/gal KLEENGROW or 1200ppm

Using a trigger sprayer, brush, foam, or dipping, apply **KleenGrow** to all surfaces. Do not rinse the **KleenGrow** and wipe surfaces with disposable towels.

This product is to be used in accordance with the instructions on the label. No REI when product is used for hard surface disinfection.

**contains didecyldimethylammonium chloride/isopropanol*
